Your Help is needed

For the past year the OPP & various politicians have tried to make it sound as if only Caledonia is affected by violent Native Protesters. However, over the past 2 months we have seen that these issues affect all of us.

Your Land Deed is Worthless in Ontario:

The fact is that in Ontario your deed that states you own your land and home is worthless as a direct result of the failures of the McGuinty Government and the lack of policing by the OPP. In the latest Legal Magazine titled 'Law Times' they ran an editorial questioning who is 'Protecting Private Property'. [\[Link\]](#) The Ontario Home Builder's Association ran a story a few months ago titled "HELD HOSTAGE" [\[Link\]](#) in which they stated that builders had done everything right to get clear title to land before developing but in the end it was worthless.

Native wide Protests:

The National Day of Action that was set for June 29th demonstrated that all of Canada is faced with the issue of a Few Natives who choose to use illegal activities to force Governments into political action – the very definition of Terrorism as stated in the Canadian Anti-Terrorism Act. [\[Link\]](#)

We saw a YouTube training video to sabotage CN rail in support of Native Land Claims. We saw Shawn Brant from Deseronto deliver a speech in Toronto that demonstrated that he has been working for 10 years encouraging Natives to pick up guns and to attack the infrastructure across Canada – a clear terrorist threat. [\[Video\]](#) [\[Dialup\]](#)

We saw National Native Leaders both support the use of illegal activities on June 29th but also make racist statements against Canadians. These Native Leaders only changed their tone after the Federal & Provincial Governments both suddenly came up with \$2.5 billion each (\$5 billion total). Mike Duffy asked whether such deals was paying 'Blackmail'.

We have demonstrated what Peaceful Protest is:

We have had several Town Hall Meetings throughout Ontario and several Marches/Rallies in Caledonia. In each case there have been no crimes committed and we have continuously told people that we want no racial slurs, no swearing, no violence and no criminal behavior.

Our web site is a perfect example of peaceful protest in a democratic society. We protest against Two Tier Justice and against the spineless leadership of politicians.

We have NEVER been charged with any crime. We have NEVER been asked by any police force to remove anything from our site.

Informing Canadians is our GOAL and letting Canadians respond by voting for change in both the coming Provincial and Federal elections. We continue to have a National Voice – both through our web site but also through interviews done weekly throughout Canada.

Our web site has, in one year, had 560,000 visits with approx. 22,000 unique homes/business viewing our site monthly. A total 3,700,000 web stories, including video & audio files, have been viewed in the past year.

Targeted by OPP and McGuinty Government:

We have done such a great job at exposing the OPP & the McGuinty Government that they came out in attack mode against us and anyone who supported us.

- We are the only Blog to have had a Press Release issued against us [\[Link\]](#)
- Ontario Government threatened CHTV for having us on TV [\[Link\]](#)
- The OPP have done numerous Press Releases against us
- Fantino spent 4 months on TV, radio and in newspapers attacking us
- Governments are the number one viewer of our site [\[Link, Link\]](#)

Media is finally seeing how serious this has become:

\$oldiers of Fortune – The Western Standard [\[Link\]](#)

For natives, a legal free-for-all – The National Post [\[Link\]](#)

Native violence becomes blameless – The National Post [\[Link\]](#)

Turning guilt into billions of dollars – Ottawa Citizen [\[Link\]](#)

Uphold Canada's laws – Kitchener Record [\[Link\]](#)

Six Nations Should End Protest and Pay Costs – Canadian Taxpayers Federation [\[Link\]](#)

We aren't all free – The Regional News [\[Link\]](#)

We have national media now questioning both the McGuinty & Harper Governments as to their handling of Native protesters. We have Mike Duffy of CTV using phrases like blackmail and terrorism. We also had Steve Paikin on TVO's The Agenda openly questioning Mohawk protesters in Deseronto whether their actions were terrorism. [\[Link\]](#)

Media Relations

- One of the main viewers of our web site are media people from across Canada
- We are contacted weekly to help provide information for stories they run
- Read the story above by the Western Standard as an example of how we provide information to media. (see other examples: [Link](#))
- We work with Native Media to try to get the message out. Recently we spoke on Native radio in New Mexico which was carried throughout North America [\[Link\]](#)

Exposing the OPP & Government:

- We had the media room at Queen's Park twice
 - o 1) Exposed the Ipperwash Inquiry as biased toward Violent Native Protesters
 - Created www.IpperwashPapers.ca
 - o 2) Exposed FantinoGate – Fantino's threatening email to Haldimand Council [\[Link\]](#)
 - o Media has carried both of these stories.

- Filed many Police Service Complaints against Fantino & OPP officers
- Ontario Ombudsmen rebuked Government for handling of these investigations [Story in Toronto Star – [Link](#)]
- We exposed the McGuinty Liberal Plan a year ago where the Government was going to secretly give in the violent protesters in Caledonia [Link](#), [Link](#), [Link](#)]

Exposing the Dangers and informing the Public:

- We were the first to expose the CN sabotage training video which was then covered by national media
- We exposed the fact that the AK47 shooting in Caledonia started on the occupied DCE area
- We provided the video on Shawn Brant which shows a real Terrorist Threat to Canada [Video](#) [Dialup](#)]

Canada at the CrossRoads Your Help is Needed

Canadians falsely believe that big brother (the Government) will also solve problems for them. The residents of Ipperwash still do not have any solution after 15 years – by the way, Oka still has not been resolved after 17 years.

The residents of Caledonia now know that politicians at all levels will do nothing to protect people's property or their Charter Rights.

Because we are divided, our Government will not listen.

Join us to bring ACCOUNTABILITY to Governments. Join us to restore LAW & ORDER to Canada and to bring about True Equality & Freedoms.

Write your Provincial Member of Parliament and also your Federal Member of Parliament as well.

Write letters to editors of newspapers.

Spread the message to friends & family that Canadians must take a stand for Equality and for Freedoms as promised in our Constitution.

You Financial Support is Needed

I wish we could get Government funding to carry on our Peaceful Protest but we cannot. The Government spends millions each year funding Native Land Claim offices, Native Land Claim Lawyers, Negotiation teams and the Six Nation Band Council spent \$66,000+ to help in the violent take over of DCE in Caledonia.

It has become clear to many media that in Canada people no longer have property rights as soon as any Native group claims your property is theirs. There is no police force, no Government politician who will come to your aid – appeasement and paying Blackmail money is the approach of both the Harper & McGuinty Governments.

We need to keep the battle for Truth and Justice going:

Canada is faced with a choice to make. Will we be ruled by laws based on Equality or will we be ruled by threats of violence and intimidation.

It is a simple choice and one the Politicians have already made – they'll pay the Blackmail. It is quick and it is not their money so it is easy.

However, these same Politicians who clearly are spineless will also change their views as soon as Canadians wake up to the Truth about the Blackmail, about the Terrorism, about the violence used to force Governments to cave in.

Once Politicians know they will lose votes – they'll flip flop to appease.

We need Funding to continue to get the message out, to continue to wake people up to what is happening. It truly is a full time Job.

Many Canadians have been victimized:

Do not think there are no victims.

There are the victims of the violence, of the intimidation, of the threats, of the sleepless nights. There are the victims of lost property values (tens of thousands of dollars per property affected), rejected insurance claims, threatened non-renewal of mortgages, loss of thousands of dollars in income. There are thousands of victims that the media fails to show.

HELP us to help them.

Political Election Fund: (\$100,000 for fall election)

This is not a fund to run in any election, but a fund to make sure we are able to bring the topic of Law & Order and of Equality & Freedom to be election topics this fall.

We need to send a message to Dalton McGuinty (Lib.), John Tory (PC), and Howard Hampton (NDP) that the public will want to know how they will restore Equality and Freedoms in Ontario.

Web site Support:

There are now four people who are working full-time on maintaining the various web sites. Although the cost of the web sites themselves is very small, the time commitment to do the research and post each story is huge. In addition, the time to file complaints and to help the media to stay focused on the true story is very time consuming.

Not everyone can commit full-time to fight for Justice. In any Civil Rights movement all kinds of people are needed. Those who work need to provide for those who commit themselves to the struggle. In the end we all win when Equality and Freedoms are restored in Caledonia, in Ontario and throughout Canada.

Full year support for the 4 people working on the web site is estimated to be \$50,000.

Please be advised – projects will not go ahead unless the Canadian Public provides the financial support for the cause. In the 21st century, money is required to do some of these tasks.
