

# **McGuinty's Lap Dog bites again**

April 12, 2007

Several weeks ago Fantino appeared on TV standing beside McGuinty as McGuinty spoke about how it was up to the Federal Government to solve the problems in Caledonia.

Leading up to and since that appearance Fantino has repeated McGuinty's anti-Federal Government message wherever he goes. I did not know that Fantino's job as OPP Commissioner was to be the spokesperson for McGuinty. In fact, I doubt you will find a case where this type of thing has been done before.

Asking for Federal help is one thing but repeating a political message over and over is quite another. Is Mr. Fantino working for the best interests of the People of Ontario or is he working for McGuinty's re-election campaign?

Prior to helping McGuinty attack the Federal Government Fantino has been openly attacking people who speak out in Caledonia.

The Ontario Government is being sued by resident Bo Chausse for defamation because back on Dec. 2<sup>nd</sup> the OPP did a Press Release attacking Mr. Chausse's character.

The Ontario Government is on notice for additional defamation claims because of Fantino's many defamatory statements against Mark Vandermaas and myself over the past 3 months.

McGuinty is faced with an election and his Lap Dog is biting anyone who may harm McGuinty's re-electability.

With last week's poll results showing that McGuinty's election campaign will be harmed by the continued media coverage of Caledonia then you know that Fantino would come out biting.

Unfortunately this time it appears he has bitten his own ass because he foolishly put in writing a clear threat to intimidate an elected official. He tried to silence one of the most fundamental aspects of Democracy which is that police are answerable to the People and not the People to the police.

Mr. Grice has both the Right and Authority to speak out and for Fantino to try to silence that voice is a direct attack on Democracy itself.

**We believe it is time to neuter McGuinty's Lap Dog**
