

Caledonia Class Action

On June 12, 2006, a class action was commenced under the Class Proceedings Act, 1992, in the Ontario Superior Court of Justice in Cayuga, Ontario on behalf of business and property owners affected by the occupation of the Douglas Creek Estates and the subsequent closure of Argyle Street and Highway 6. It has been decided that in the motion for certification the Class set out in the claim will be divided into 5 separate identifiable certifiable Subclasses, to reflect the particular impact of these events on each of these subclasses. We have recently been retained by numerous property owners and business owners who wish to be added as representative plaintiffs for these subclasses. It is important that everybody realize this is the only legal way to ensure that the responsible individuals are held accountable.

The intent of the Caledonia Class Action lawsuit is to hold our political representatives accountable for their actions and inactions. Our court system is the **ONLY LEGAL** to ensure that this will occur. The action names The Government of Ontario, The Corporation of Haldimand County, the Ontario Provincial Police Commissioner and the Cayuga Detachment Commander. The knowledge that this action will eventually hold those responsible accountable should be sufficient incentive to support the class action.

The action needs financial support to ensure that the representative plaintiffs who have stepped up to the plate for everyone else are not jeopardized by this action in any way. The action needs your financial support. A Trust Fund has been established for the sole purpose of protecting the Representative Plaintiffs who have commenced this action from any adverse costs awards. One of the reasons that there are far fewer class actions in Ontario is that substantial costs awards have been made against Representative Plaintiffs who have failed to obtain certification or who have lost at trial.

The Caledonia Class Action Committee has reached the first goal of \$10,000.00, which is being used to pay for the initial expenses of commencing the action. The balance of the funds raised will be held by a group of trustees pending the outcome of the case. If the action is successful, **YOUR DONATION WILL BE RETURNED**, plus any accrued interest, on a proportionate basis. If the action is unsuccessful, then the funds will be used towards any adverse cost award. The lawyers have accepted this action on a contingency basis and, save and except the initial payment, **none of the funds collected will be used to pay the legal fees of the lawyers** who are acting for the Representative Plaintiffs.

If you feel, as we do, that the Governments and the OPP have been negligent in their responsibilities to the people of Caledonia and surrounding area, here is your chance to act. Make your donation today and mail it in the envelope provided. **Without your support, the action may not be able to proceed.**

This Class Action is for all the people who have been affected. Lets make sure they hear us loud and clear that we won't stand by and let the people who are in positions of power leave us without leadership.

The Class Action Committee will be holding a public town hall meeting to explain the 5 different classes and to dispel any further misinformation on the proceedings of this action.
