

Ontario Election

Have your Say and influence the Election

McGuinty has not once visited Caledonia and to be quite honest he never cared about Haldimand County for one simple reason – it represents only one seat in the Election.

I have stated since day one that the only thing Politicians care about is themselves and their position of power.

I have been saying for over a year that Caledonia would never be resolved any quicker than Ipperwash because Politicians will never take a stand for one riding. Meanwhile, the OPP and McGuinty Government repeatedly told you that Negotiations were going great and the protesters would not be allowed to stay the winter.

Now you know that you were lied to repeatedly.

No Political Party will take a real stand for Equality or for your Land Title Deed when average Canadians continue to demonstrate that they will not take a Stand.

If you do not speak why would any politician risk taking a stand?

If you are not willing to take a few hours to demonstrate to politicians that it is vital that your Home, your Land, your Children, your Freedoms and your Rights not to be victimized then why would ANY politician be willing to take a stand to defend you.

If YOU will not Stand then NO politician will risk anything for you.

You now have one last Chance to send a Message

This election is a time to demonstrate to all our political leaders that Caledonia will not be forgotten, that Canadians will take a Stand, that people will HELP their Neighbours and that NO GROUP has the right to victimize others.

Politicians fear one thing – public attention.

You were promised the DCE occupation would be over by now. You were promised a fair Compensation Package. You believed in Law & Order and that the OPP would uphold the Law and obey the Courts.

You were Lied to.

Join us to get as much Media attention as possible just before voters go to the polls.

We are either ruled by LAWS or by Thugs.

Our Message

Join us to send a message to all Political Parties that Canadians are willing to STAND and support Equality, Justice and an end to OPP Two Tier Justice. Governments and Police are no longer permitted to disrespect the 'Rule of Law', Land Title Deeds or the Charter of Rights.

Speeches – Flag Raising Event

Will the OPP and McGuinty Government again demonstrate to all Canadians that the Supreme Court and the Charter of Rights no longer have any authority in Ontario?
